RARE C4 CORVETTE PART AVAILABLE AGAIN IN 2012

Rear Compartment Storage Door Assembly is being produced again by Mid America Motorworks

Effingham, Ill. (December 14, 2011) – C4 Corvette owners no longer have to search salvage yards and swap meets to dress up the area behind their seats. Mid America Motorworks has developed a reproduction C4 Rear Compartment Storage Door Assembly to fill the void left when the part went out of production.

The C4 Rear Storage Door Assembly features OE quality and materials, including black anodized strut rod supports, GM-correct foam seals to keep out leaks and correct cutouts for handle attachments. Corvette enthusiasts can pre-order their C4 Rear Storage Door Assemblies now for the introductory price of \$219.99. Assemblies will be available in late January 2012.

“As the C4 Corvette ages, it becomes more difficult to find certain parts and accessories. We understand that C4 owners want to keep their Corvettes looking great and are thrilled to bring these C4 Rear Compartment Storage Assemblies back on the market,” said Kenny Yager, Corvette Merchant at Mid America Motorworks.

The C4 Rear Compartment Storage Door Assemblies are available in styles for 1984-1991 and 1992-1996 Corvettes. The 1984-1991 style comes with right and left anodized supports and right and left cutouts, while the 1992-1996 style comes with only left anodized supports and left cutout. Easy installation consists of peeling back carpet and installing with 7 screws. Visit corvette.mamotorworks.com or call 800.500.1500 to order.
