Front Right  
OEM# 111-821-022 D  
Our# 384-685

Front Left  
OEM# 111-821-021 D  
Our# 384-686

Front Right  
OEM# 111-821-022 M  
Our# 384-687

Front Left  
OEM# 111-821-021 M  
Our# 384-688

**Tech Note:** When you order a fender, it is very important to use our handy fender chart. It is very common to have a Beetle of one year with front fenders from an earlier or later model. It is also common to have different years of fenders on both the front and rear of your VW Beetle. This will save you both time and money if you are not 100% sure what year of fender is installed on your Bug.

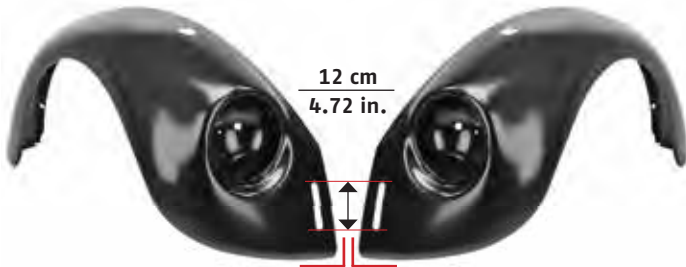

**ORIGINAL STYLE  
SLOTTED BUMPER

**Please Note:** Our Volkswagen Sheet Metal parts are quality replacement parts produced by companies worldwide. These parts are delivered to us and then to you using ships, trains, trucks, and local carriers. Scratches in the rust preventative paint (not considered primer) and minor dings are not unusual and can not be prevented. Minor flaws are not considered damaged product. Minor repair may be required.
