2-Door Sills

Door Sill Installation

Tools Needed

STEP 1.

Using masking tape, mark the two ends of your existing Sill decals to use as locating points for the new Door Sill Plates.

STEP 2.

Remove the existing Sill decals using a hair dryer to loosen adhesive.

STEP 3.

Once decals are removed, wipe area clean with window cleaner or alcohol.

STEP 4.

Remove adhesive backing and install new Door Sills using your tape marks for positioning.

NOTE: Each Sill is marked LT, and RT, and should be positioned with the flag emblem towards the front of the car.
