

**Application:** 1978-1989

**Part Includes**

1 - Component

# Steering Wheel Cover

## Tools Needed

Search: **Steering System**  
[www.mamotorworks.com](http://www.mamotorworks.com)

**PLEASE NOTE:** Steering wheel cover is NOT TO BE USED WHILE DRIVING. It is intended to protect your leather steering wheel from sun damage while the car is parked.

### INSTALLATION:

#### STEP 1.

Make sure your steering wheel is turned straight up. Note that the widest part of the back of the cover installs to the top of the steering wheel. Illustration (A).

#### STEP 2.

Turn cover face-up and slip the widest part over the top of the steering wheel. Pull down a little to snug the top part to the wheel, as shown in Illustration (B).

#### STEP 3.

With your fingers inside the lower part of the cover, pull it down until it slips over the bottom part of the wheel. Illustration (C).

**CLEANING:** Clean with mild soap and water, as you would any other vinyl part of your car. Vinyl protectants can also be used.
