

Do You Have... A Super Beetle or Standard Beetle?

Easy way to tell if your Bug is a
Standard or Super Beetle:

Upright Spare Tire = Standard

Spare laying flat under Trunk Liner =
Super Beetle

Note: Super Beetles were only manufactured from 1971 through 1979. All Super Beetles have Coil Spring front suspension. From 1971 to 1972 Supers have a flat windshield. 1973 thro 1979 Supers have a larger curved windshield. Super Beetles were not manufactured in Brazil or Mexico.
